To whom it may concern:

The Wayman D. Palmer Community YMCA is honored to partner with Ms. Tina Butts and The Movement Team of Lucas County. We both share a passion for helping the underserved in our community particularly within areas that are often forgotten about or neglected. Our partnership has opened doors for community members to get vaccinated and individuals are also given referrals for services that are necessary for them to live a sustainable lifestyle.

The Movement Team and Wayman D. Palmer Community YMCA have assisted some of the same individuals. Thanks to the Movement Team, people have received not only Vaccinations but also Bicycles for the children in our community, referrals for Rent Assistance, Maintenance & Repair in their homes, Mental Health Assistance, Substance Abuse Outpatient Services and Housing just to name a few. The Movement Team has also hired people in our community that could not readily find employment.

We support the work that The Movement Team is doing and have opened up our facility to the Movement Team so that they continue to serve the members of our community and to ensure that they get the much needed assistance that they are entitled to receive. This partnership of support has made a significant impact on not only the lives of the people that we serve but it has also impacted The Movement Team workers as they provide much needed outreach to the community.

Sincerely,

Eric R. Williams
Executive Director
